solpro®
Solution Provider

Your Solution Provider for High Performance Elastomers!

inoser®
www.solpro-tr.com

Our company SolPro, which is one of the biggest manufacturers of its field in Europe, has been giving consultancy and engineering services regarding production process and raw materials in various industries, and has been manufacturing tailor made products according to the specific needs of different industries for more than 15 years.

SolPro is the agent, distributor and the Partner Compounder of Wacker Chemie AG of Germany; besides it is the regional distributor for Elantas and Kömmerling / Polycil / Cilbond products.

For various industrial sectors, our company is able to support you with its wide product range and technical capacity in order to help you to choose the right materials for your production process and to develop value-added products; we will also be pleased to serve you with the silicon-based finished products that we are producing and introducing in this brochure.

Silicone Gasket And Profiles General Features

- Specifications acc.to all kind of shapes and conditions,
- Electrical, thermal conductivity and insulation,
- Flame and Fire resistance,
- Very good permanent deformation,
- Unique UV resistance,
- Resistance to harsh environmental conditions,
- Stable properties in a very wide temperature range,
- Resistant to -60 ° C or -110 ° C in static and dynamic environments,
- 180 ° C, 250 ° C, even above 300 ° C continuous service temperatures, etc.

Silicone Profile And Gasket Types

- PVC Window and Door System Gaskets
- Aluminum Door And Window System Seals
- Steel Door Seals
- Wooden Door And Window System Seals
- Flapper Seals
- Exterior Wall Coatings
- Dilatation Seals
- Automatic Door Seals
- Exterior Cladding Profiles
- Glass Profiles etc.

Product Information

- Standard Products
- Economic Products
- High Tear Resistant Products
- Special Oil And Chemical Resistant Products

Approvals

Please ask for detailed information on the documents and approvals required by the industry sector and the area of application

- Food Compliance
- Medical
- Drinking Water
- Automotive
- Other industrial, International and Local Approvals

Laboratory Infrastructure

In our laboratory, we have the capability to test;

- Electrical (Insulation Resistance, Conductivity, High Voltage, etc.)
- Mechanical (Tensile-Rupture, Hardness, Permanent Deformation, etc.)
- Physical (Rheometri, Viscosity, Geometric Measurements)-Before and After Extensive Analysis,
- Different Aging,
- Flame Resistance,
- And many others, thanks to our experienced staff and extensive Portfolio of test equipment.

Technical Support

Product Development:
If you have a product that you want to produce, but you face difficulty in choosing the right raw materials,

Technical Specifications:
If you have a critical technical specification or stipulation you shall meet,

Process:
Forming, injection, extrusion, autoclave, calendaring...
Whatever process you may have and any problem you face, and if you want to increase your efficiency

Standards and Certification:
If the sectors you are addressing and your customers require compliance to certain standards and certification

Quality Assurance;
Mechanical, physical, chemical or only if you have fixed color expectations,
İf you have difficulty in getting the products you want with the quality and features you need,

Product and Market Development:
Looking for new products, new processes and new markets for your company...
